LOGO

Blue Monday Club and Restaurant philosophy is simple – enjoy life and treat others as you would want to be treated. These sound principles apply to all, in both personal and professional life. At Blue Monday Bar, everyone from employees to management, and even our suppliers, applies these guidelines in their day-to-day activities.

The menu, crafted by Executive Chef Mike Mature, features some specialties inspired by the 80s with an accent of American food culture. You will find a lot of options, among them, cheese and meat plates, raw bar or salads that you can either share or eat on your own, but don't forget to supplement the food with one or more of our carefully selected wines. And of course, the dinner will be served to the best classics of 80s music.
